Easter Sunday and the Flowering of the Cross

Next Sunday, our congregation will have the opportunity to participate in the Flowering of the Cross. This visual experience will remind us of the life and beauty of the resurrection of our Lord Jesus Christ.

This will be a unique way to celebrate the death and resurrection of our Lord. The time begins with a barren cross, “an emblem of suffering and shame” as the old hymn proclaims. But as each person decorates the cross with fresh, living flowers and greenery, it is transformed and what was a symbol of death becomes a symbol of resurrection and life. And again from the old hymn, something that holds “a wondrous attraction for me.” This time will clearly illustrate and highlight the transition from death, darkness, pain and hopelessness to life, light, joy and hope.

Please bring fresh flowers and greenery. You can pick wild flowers, gather flowers from your own yard, or purchase them. (We will also have extra available for visitors) At the appropriate time the congregation will be asked to come forward as they are ready and place their flowers on the cross. The cross will be wrapped in a material that will hold the flowers. Some can come on stage and decorate the upper parts of the cross while others can stay on the floor and decorate the lower parts of the cross.

This is something the whole family will participate in. There will be no Pre-School Station or Kid Zone next Sunday. All children will be in the worship gathering and will participate with their family in the flowering of the cross.

Please invite your friends and family to join you that morning and share these details with them so they will be ready to participate. For those of you who haven't made it back to our worship gathering yet, this will be a meaningful time to come back.

I personally have participated in this living illustration before and it was incredibly moving; much more so than I had even anticipated. I look forward to you experiencing it as we all experience the joy of proclaiming that He is alive!
